

# GENDER EQUALITY ACTION PLAN

2022-2025

Gender Equality Action Plan (GEP) of the research institution Agritec Plant Research s.r.o. has been developed by Working group. The GEP includes action to reach a promoting career development for both female and male researchers, improving decision-making by addressing gender imbalances, incorporating the sex/gender dimension variable in research and stimulating gender awareness on culture change. GEP contains measures developed on the basis of analysis carried out through the collaboration with the scientists, researchers, technicians and administrative staff during the Gender Audit phase.

More than half of the employees are women (63%). Women predominate in the categories with lower education/degree achieved (Technicians and Researchers).

The category Technicians can be further subdivided into three separate subcategories according to the nature of the activities performed. Each subcategory is represented by only one gender (groups of work 2 and 4 only by men, while group of work 3 only by women).

There are currently no males in the category of Researchers, and equal representation of males and females in the category of Scientists. There is one woman and two men in the Middle management and two men in the Top management who are the owners of the research organisation.

|                                    | Number (%)  |           |  |  |  |  |
|------------------------------------|-------------|-----------|--|--|--|--|
|                                    | Male Female |           |  |  |  |  |
| Top management                     | 2 (100 %)   | 0 (0 %)   |  |  |  |  |
| Middle management                  | 2 (67 %)    | 1 (33 %)  |  |  |  |  |
| Scientists (Ph.D. degree or higer) | 3 (50 %)    | 3 (50 %)  |  |  |  |  |
| Researchers (master degree)        | 0 (0 %)     | 5 (100 %) |  |  |  |  |
| Technicians                        | 8 (32 %)    | 17 (68 %) |  |  |  |  |
| Total                              | 15 (37 %)   | 26 (63 %) |  |  |  |  |

Working group:
